# Transitioning to Oracle Cloud Workshop

*An educational session for organizations exploring a move to Oracle Fusion Cloud.*

## Purpose

To help organizations understand **why**, **when,** and **how** to transition to Oracle Fusion Cloud. This educational workshop provides clarity on readiness, operating model shifts, and the cloud transformation journey.

## What You'll Learn

- Why organizations are moving to Oracle Fusion Cloud
- How cloud ERP differs from on-premise operating models
- What organizational and technical readiness looks like
- Best practices for successful cloud transformation
- The human side of ERP change
- How to build a compelling business case
- What to expect before, during & after migration

## Who It's For

- CIOs, CFOs, CHROs
- Transformation leaders
- ERP process owners
- IT & business stakeholders preparing for modernization

## Details

- Duration: ~3 hours
- Format: Remote or onsite
- Pre-work: Stakeholder alignment + documentation review
- Requires Executive sponsorship
